Bone Drill&Saw - External Fixator

ORTHOPROMED INC.

Orthoprovect Inc.

Veterinary Supplies, Instruments

ORTHOPROVET is the brand that our company established for the operation of animal product. To provide better product experience is our first target.

Production-oriented production, sales and technical services for small animal orthopedics market has a profound understanding of, and has a professional R&D team and orthopedic devices market marketing services team.

Our main products: Medical power tool, external fixation, orthopedic instrument kit, implant and other parts of orthopedic medical products, to ensure first-class product quality, the company established a strict quality control system, and set up there are testing centers and other monitoring dept.
